CREATING REMARKABLE EXPERIENCES THROUGH WOOD

ITZWOOD

## OUR ESSENCE

### THINGS THAT DRIVE US

With over 30 years of experience, **ItzWood** started its activity through furniture design and manufacturing.

Today, combining unparalleled experience and extraordinary capabilities in different engineering fields, **ItzWood** is a worldwide strategic business partner, serving any company or sector, that requires maximum expertise in the art of wood work and integration.

**ItzWood** is committed to bring the best wooden experiences to consumers around the world.

## OUR VALUES

**INTEGRATION** | Exceeding expectations through wood integration

**INNOVATION** | Continuous improvement through creative engineering

**KNOW HOW** | Knowledge only happens when someone uses it

**ETHICS** | Integrity in every action

**COMMUNITY** | Empower talent, starting locally

**PASSION** | Because there is no other way for great achievements

## WHAT WE DO BEST

### Custom Projects

Unique pieces deserve unique attention. At **ItzWood**, skilled workers are used to work with all kind of challenging projects. Whether you need custom-made development, or if you need advice on what are the best solutions according to your project's specifications, ItzWood will help you transform your idea into a real product.

### Large Scale

Mass production and mass customization are both manufacturing options at ItzWood that can help clients to offer competitive solutions in the market. **ItzWood** is organized with several production centers, ready to integrate multiple materials and technologies.

**ItzWood** is equipped with state of the art machinery including 5 axes CNC.

### R&D Lab

Wood is a premium raw material with endless opportunities to generate new added value products or value chains. Our R&D lab is part of ItzWood global strategy to raise awareness on high-end integrated wood products.

Our research and development activities focus on the study of wood properties and production processes to enable overall technology integration such as lightening, audio and communication.
